Yangiyul, Tashkent Region, Uzbekistan

Summary

Hi there! I'm Kholiqulov Nodirbek, a passionate Frontend Developer with over a year of experience specializing in React.js, Next.js, and JavaScript. With a keen eye for detail, I excel in crafting flawless UI designs that captivate users and elevate digital experiences to the next level.

Beyond my technical prowess, I'm deeply intrigued by the boundless possibilities of computer science. I'm driven by the desire to create something truly impactful and innovative, leveraging my skills to make a positive difference in the world.

Beyond Frontend development, I'm deeply interested by robotics and eager to combine Robotics engineering with Computer science.

Experience

VistaWave

Codebridge School

Co-Founder & CEO

April 2023 - Present (1 year 5 months)

Yangiyul, Tashkent Region, Uzbekistan

- Codebridge School is non-profit organization dedicated to provide free Coding and English language education to local children.
 - Our mission is to empower the next generation of learners with the skills and knowledge they need to succeed in today's digital world.
 - Trying to improve their self-study skills and make a daily routine to spend time more effective.
 - Teaching them basic IT information that is one of the requirement for joining companies and what kind of language of technology they should learn in today's digital world.
-
- English Language
 - IT (Web development)

ROBOTICS LAB

Software Engineer

March 2024 - August 2024 (6 months)

Tashkent, Tashkent, Uzbekistan

Tragon

Frontend Developer

May 2023 - September 2023 (5 months)

Tashkent, Uzbekistan

- I have worked with experienced developers whom I learned valuable techniques. These are very essential to step up to the next level.
- I have successfully completed a few projects which was for well-known business company, Generator Producers and got such a great feedback which inspired me to push my self to the limit.

SUPPORT - IT SOLUTIONS

Frontend Developer

August 2022 - January 2023 (6 months)

Yakkasaray, Tashkent, Uzbekistan

I have worked in Support - IT company. During this time, I learned a lot of new technologies.

- For Frontend development: React Js, Next Js, TypeScript, JavaScript, Redux (basic);
- For Style frameworks: Tailwind css, Sass, Scss, Bootstrap, Css;
- For Testing: Jest, React Testing Library;
- For Team: Github, Gitlab, Slack
- For Building websites: Flowbite and a few libraries;

These technologies helped me a lot in creating a website. I have made it my main goal to learn

more technologies in the future.

Education

General Secondary High School

No: 48 · (September 2010 - May 2021)
